Re: Erosion and Sedimentation Control Plan  
McKean Woodland Solar Project PAC420030  
Liberty Township, McKean County, PA

Dear Mr. Abalo,

I have completed the review of the erosion and sedimentation control (E&S) plan for the above referenced project, dated September 17, 2025 received on October 1, 2025. The plan adequately addresses erosion and sediment pollution control and meets the minimum requirements of the Department of Environmental Protection's (DEP) rules and regulations, Chapter 102, Erosion and Sediment Control and the Clean Streams Law, provided all Best Management Practices (BMPs) are properly implemented and maintained until the project has been permanently stabilized.

The District may, upon complaint or investigation, require additional BMPs or other measures on a case-by-case basis to correct or minimize the potential for accelerated erosion and sedimentation.

The plan must be fully implemented and available on-site at all times. If you have any comments or questions regarding this review, please feel free to contact me at 814-887-4008 or by email [kadecker@mckeancountypa.gov](mailto:kadecker@mckeancountypa.gov).

Sincerely,

Katelynn Decker  
Conservation Technician
